**Abstract:** The paper is the first in a series of articles that are going to present the concept *integrated work design*, proposed within the PhD thesis *Integrated Work Design. Ergonomics and Communication in the Management of Production Systems* – scientific coordinator: PhD Eng., Ec.Ioan Abrudan; PhD student, Eng.: Violeta Maria Firescu. In the first part the paper presents the background and the approach of the concept of *integrated work design*. In the second part the paper summarizes the research methodology and directions that are going to be detailed in future articles.

**Keywords:** integrated work design, ergo-organization, methodology.
